### Speaker Here

**Senator Voja Bunes, representative in Ottawa of the Czechoslovakian government, who will address public meeting here Friday night. (See story Page 11).**

### Farm Problems Considered By Sacred Caucus

A resolution calling for drastic action to deal with the present wheat "situation" is expected to be introduced to the Senate members of the legislature on Thursday. Introduction of the resolution, with its far-reaching provisions, was forecast by various members following the Wednesday adjournment.

Much discussion took place at the Senate Wednesday regarding farmers' problems, declared Senator Voja Bunes, a Czechoslovakian representative in Ottawa. "Action was drawn to the fact that the Social Credit group has consistently and vigorously called the attention of the federal government to inadequate prices being paid for the primary products of the farm especially wheat."

### TAXATION AGREEMENT

Continuing the adjournment declared that "at the last session of the legislature, the Social Credit government introduced a taxing resolution for 70 cent when at local level."

### Churchill Promises Full-Dress Debate

LONDON, Oct. 16.—(CP)—Prime Minister Churchill told the House of Commons today it would have an early opportunity for a full dress debate on the war, but said the government planned to say nothing at the moment "unless there are unexpected developments."

### Edmonton Officer Given Promotion

Edmonton headquarters announced today the appointment to headquarters of Lt.-Col. J. P. Gray of Toronto as general staff officer 1st Grade. Other appointments include: Major J. J. Vane, Edmonton, promoted to Major-General; Major J. J. Vane, Edmonton, promoted to Major-General; Major J. J. Vane, Edmonton, promoted to Major-General.

MOSCOW, Oct. 16.—(AP)—Despite a "deterioration" of Russian defenses west of Moscow, Russian cabinet declared today the Red army's resistance had not been and could not be broken. Germany, they said, now is exerting her fullest offensive power.

The official mid-day communique, announcing the defenders' position, said:

BERLIN, Oct. 16.—(AP)—A D.N.B. dispatch from Bucharest tonight said the Rumanian government claimed Rumanian forces had entered the long-besieged Black Sea port of Odessa. Odessa has been under siege 59 days.

Continued to fight the enemy along the whole front, said the communique, and the situation was particularly intense in the western direction, the area where the deterioration was reported for the night of Oct. 14-15.

The night incident the breach had been closed in the last 24 hours.

The Germans continued to throw fresh units into the battle, the communique said.

The most optimistic language came from Russian war correspondents.

"The enemy has failed to break or weaken the resistance of the Russian army," said the communique on Page 2, Col. 6.

### Petain Orders Speedy Trial For Former Leaders

VICHY, Oct. 16.—(AP)—Marshal Petain tonight ordered a speedy public trial for five men accused of leading France to defeat Germany, including former premier Leon Blum and Edouard Daladier and the one-time Allied commander, Marie-Gustave Gamelin.

The chief of state announced in broadcast he had ordered Daladier, Blum and Gamelin transferred from one prison to another and had held Guy La Chambre, former minister, and Pierre Jaouen, former administrator of the national defense industries, at the Chateau de Bourges.

### MotORIZED Convoy To Visit Edmonton

WINNIPEG, Oct. 16.—(CP)—A motorized convoy, manned by about 100 soldiers and officers, is expected to arrive in Edmonton today, selected from military districts in Manitoba, Saskatchewan, Alberta and British Columbia, will shortly begin a sweep through western Canada in aid of the Red Cross.

### Issues Denial

WASHINGTON, Oct. 16.—(AP)—Secretary of State Hull has issued an emphatic denial of published reports that the United States might be bringing about the recent U.S. ships in the Red Sea.

### Britain To Get U.S. Submarines

WASHINGTON, Oct. 16.—(AP)—Navy Secretary Knox announced today that two recommissioned United States navy submarines would be transferred to Britain under provisions of the Lend-Lease Act.

### Triumph For Ship Arming Is Predicted

WASHINGTON, Oct. 16.—(AP)—A few minutes before House of Representatives debate opened today on the administration's merchant ship arming legislation, Speaker Sam Rayburn predicted the measure would be passed tomorrow with a majority of "700 to 100 votes."

The speaker told his press conference the overwhelming support would be seen for the measure was a clear indication that members just back from their district visits, were reflecting the attitude of their constituents.

Rayburn said that as a result of the parliamentary maneuvering, few amendments could be offered to the bill.

Well-informed sources reported that the bill would be passed by a vote of 700 to 100, and that the opposition to President Roosevelt's foreign policy and war measures for the measure in surprising numbers.

### Consumer Body Makes Protest On Food Prices

Representations will be made by the Edmonton Consumers' League to the War Time Price Board at Ottawa, protesting against any attempt to freeze commodity prices at the present high and unjustifiable level.

Decision to send this protest to Ottawa was made at an executive meeting of the League held Wednesday evening. It was also agreed that a public meeting would be held within the next two weeks to register their protest against prevailing high prices of commodities.

### Japanese Airline Worries Australia

MELBOURNE, Oct. 16.—(AP)—The report that Japan and Portugal have signed an agreement for the establishment of a Japanese airline to Timor Islands has caused concern in Australia, where aviation interests recently have been clamoring for increasing Japanese participation in the Pacific Islands.

Gradual growth of Japanese commercial air activity has brought it to a stage where it is ready to meet the next move.

### Canadian Ships Destroy U-Boat

TORONTO, Oct. 16.—(CP)—An Ken Allen, R.C.N., arriving home today on leave, said the submarine that sank the Canadian corvette, the Lewis with the loss of 17 lives was destroyed by other units of the Canadian navy.

### Newsman Inspired By Experiences In Great Britain

LONDON, Oct. 16.—(CP)—The last three members of a party of Canadian newspaper reporters here, brought home an inspiring story by the British Council, left today for the United States.

### Invites Russians To U.S. War Games

WASHINGTON, Oct. 16.—(AP)—Secretary of War Stimson has announced that Russian officials will be invited to observe the maneuvers being held in the United States by the U.S. Army and Navy in the Carolinas during November.

### Transfers Subs

Frank Knox, above, U. S. navy secretary, announced today that the United States would transfer two submarines to Britain under terms of the Lend-Lease Act.

Sam Rayburn, above, speaker of the House, predicted today that the measure would be passed tomorrow with a majority of "700 to 100 votes."

Mr. Rayburn said that as a result of the parliamentary maneuvering, few amendments could be offered to the bill.

Well-informed sources reported that the bill would be passed by a vote of 700 to 100, and that the opposition to President Roosevelt's foreign policy and war measures for the measure in surprising numbers.

### Today's War Moves

By LLOYD MERRICK Copyright, 1941, by British United Press

### GREAT BRITAIN

The United Kingdom looks beyond the titanic struggle going on in Russia to the next theatre of war, which apparently they expect to be in the Mediterranean basin and the Middle East.

In the Allied view, the Russian war is vital phase of the war, but not the decisive one.

However, Allied strategy is based on the assumption that Russia will not collapse. Material aid is being sent to the Russians, but for the campaign to follow. It is too late to leave Moscow with material aid. The city must be held by Russian forces alone.

### NEW EASTERN FRONT

If it does fall, the Allied hope is that the Russian army will be reorganized to the east, along the line of the Caucasus. This is the only way to win the war.

### Hospitals Ready Meet War Demands

WINNIPEG, Oct. 16.—(CP)—Dr. J. A. Chamberlain, president of the Canadian Hospital Council, Wednesday told delegates attending the annual convention of the Manitoba Hospital Association that Canadian hospitals are confident to meet the war demands.

### Wheat, Rye Prices Take Sharp Drop

WINNIPEG, Oct. 16.—(CP)—When Chicago wheat and rye prices fell in early late today, general liquidation sent most grain prices down. Winnipeg Grain Exchange bid.

### Gardiner Gives Reply To Wheat Policy Critics

By R. T. RICHARDSON Edmonton Bulletin Ottawa Bureau OTTAWA, Oct. 16.—In an interview with the Bulletin today, Hon. J. G. Gardiner, minister of agriculture, refuted recent criticism of wheat policy by grain pool officials, particularly J. H. Weson, president of the Saskatchewan Pool, and declared that any amount the government would pay for wheat would be on an acreage basis, rather than on the bushel basis advocated by the pool.

He disclosed that the acreage return payments this year will be over \$30,000,000 and the farm advance payments more than \$10,000,000. If an amount of \$10,000,000 were paid as further assistance, he suggested, that would amount to 10 cent per bushel on prospective wheat deliveries of 200,000,000 bushels.

ESTIMATED INCOME With an extra \$20,000,000 on 200,000,000 bushels, Mr. Gardiner said, "Income on account of wheat from the government policy will be \$33,000,000, which would have been received if we had lowered the price to the recommendations of the Federation of Agriculture." He added that the estimated 1941 wheat crop, based on the livestock for 1941 was \$10,000,000, and the livestock total of \$240,000,000.

Mr. Gardiner warned that many farmers would be disappointed if the policy being advocated by pool officials was adopted.

WINNIPEG, Oct. 16.—(CP)—Dr. J. A. Chamberlain, president of the Canadian Hospital Council, Wednesday told delegates attending the annual convention of the Manitoba Hospital Association that Canadian hospitals are confident to meet the war demands.

### Wheat, Rye Prices Take Sharp Drop

WINNIPEG, Oct. 16.—(CP)—When Chicago wheat and rye prices fell in early late today, general liquidation sent most grain prices down. Winnipeg Grain Exchange bid.

### Teachers At Teachers' Parley

A. G. McConnell, left, secretary-treasurer of the Edmonton rural school divisions, who was busy Thursday registering delegates at about 1,000 teachers from 11 school divisions and high schools of northern Alberta opened a joint convention of the Alberta Teachers' Association and the Alberta Association of Teachers of Democracy Thursday.

The teacher should exercise all his potential resources to serve as an evangelist of democracy, Dr. H. C. Newland, provincial supervisor of schools, told a body of teachers from 11 rural school divisions and from the high schools of northern Alberta, in convention at the McDougall church Thursday morning.

Dr. Newland spoke on "Teachers of Democracy" and "The teacher's responsibility before the nation." (1) Every teacher should be a student of our society; (2) a human being is a cultured person; (3) new education is the religion of democracy; (4) the teacher must be an evangelist of democracy and a social engineer.

JOINT MEETINGS The high school section will hold its annual meeting at the same time. All joint meetings, however, will be held at the same time.

### R. A. F. Blasts At Channel Targets

LONDON, Oct. 16.—(CP)—The R.A.F. attacked anti-aircraft ships, a gasoline dump and oil tanks in the Channel and on the French and Netherlands coasts, it was authoritatively reported today, after bombers last night raided Cologne and the docks at Bielefeld. One German plane was reported shot down and a British fighter was missing.

### Afghanistan May Soon Be Occupied

British Official Press A veteran B.U.P. expert on matters relating to Afghanistan and Russia probably will soon occupy Afghanistan.

The correspondent, Ferdinand C. John, says he has been following the British-Soviet war in Afghanistan, and he expects the British to occupy the country.

THE HINDU FROM INDIA TO RUSSIA would be over long highways by truck—sometimes in inclement weather and possibly in the face of risk for Afghanistan. John describes the Afghan army as "pitiful," and he expects the British to occupy the country.

### Wheat, Rye Prices Take Sharp Drop

WINNIPEG, Oct. 16.—(CP)—When Chicago wheat and rye prices fell in early late today, general liquidation sent most grain prices down. Winnipeg Grain Exchange bid.

### B.C. Soldiers Here Cast Their Ballots

Approximately 70 soldiers and airmen, whose homes are in B.C. and who are in the United States for military training, cast their ballots in the advance poll for the British Columbia provincial election Thursday.

### Lease-Lend Help For Latin-America

WASHINGTON, Oct. 16.—(AP)—The United States will provide approximately \$100,000,000 in aid for construction of defense bases and other military purposes, according to a statement today, if the United States Congress approves the pending lend-lease bill.

### Jap Attack On Russia Is Possible

British Official Press The resignation of the Japanese government and a flurry of warlike comment has heightened the possibility of a showdown in the Pacific.

The fall of the Kono government is regarded as a clear-cut victory for Adolf Hitler and for the Axis forces in Japan.

Observers are struck by the possibility that current developments may be analogous to the situation in which Italy entered the war. Some see the prospect of a Japanese attack on Russia—concluded by the German push toward Moscow.

BRITAIN PREPARED The remark brought immediate repudiation. In Australia, British war correspondent, Sir Robert Ross, said that Britain does not wait war with Japan, but that she is prepared. In Washington, the Japanese attack on Russia is regarded as an administration spokesman—argued that the United States is prepared.

### Harriman Leaves London For Home

LONDON, Oct. 16.—(CP)—Walter Harriman, who headed the U.S. delegation to Moscow to arrange for the transfer of Lend-Lease aid by air today for the United States, will report to President Roosevelt.

Six of Harriman's advisers are expected to leave London today. Major Gen. James E. Chaney, special military liaison in London, Admiral William H. Standley, retired, William L. Ball, chief of the materials divisions of the office of production management, Naval Captain Clinton E. Baker and Frank B. Thomas and Harriman's assistant, Robert P. McKeilhern.

# ITALIANS FORTIFYING BORDER POSITION

# Nazi Troop Concentration At Brenner Pass Reported

## Forces Said Exceeding Normal Requirements Of Friendly Frontier State

SOMEWHERE IN EUROPE, Oct. 16.—(CDN)—Reports of Nazi troop concentrations in the vicinity of the Brenner Pass on the Italian frontier are circulating among certain usually well-informed European diplomatic circles and among people within the Reich itself.

According to these accounts, the numbers of these troops far exceed the normal requirements of the border guard particularly for an "allied frontier" or even for a neutral national state. It must be stressed that there is

### EXCLUSIVE

no external confirmation of such movements although the current European rumor crop includes, from other sources, assertions that the Italians are at work on Brenner fortifications on their side.

Within the Reich the story of a German Brenner threat spreads from mouth to mouth like the first information that the Nazis were making troops in Poland on the eastern frontier last spring. The source then was usually letters to relatives from soldiers in the field. It may be the same now. At any rate the account is being widely repeated.

### CHANGE IN RELATIONS

Two internal messages indicate some change in the Nazi-Polish relationship. Many Germans in recent months have spent much needed vacations with their southern neighbors. Three weeks ago the Reich suddenly refused to issue such visas. More recently a new regulation requires special permission from the Reich labor office for Italian workers employed in Germany to return for brief visits home. Previously they travelled relatively freely.

Talk of a separate peace effort is repeatedly heard since the disastrous African campaigns last spring. Most observers believe that this is impossible pointing out that the Italians must fight either for or against the Nazis. Their position is untenable.

The prospects of an internal revolt likewise is minimized despite the widespread grumbling under the hardships. Few German soldiers are seen in Rome currently but Sardinia and Sicily are reportedly heavily garrisoned, while Nazi officials have the most important military posts as "advisers."

### LITTLE PEOPLE SUFFER

As always in war the little people will be the biggest sufferers whatever the result. Italy already relies heavily on what supplies the Reich is still able to provide. A sudden rupture of this Alpine artery would add new chaos to Italian economy.

Whether Germany is able in any circumstances to meet her commitments remains an open question. She is believed to be behind in scheduled coal deliveries, one of the principal commodities. Central heating is not to be permitted in Rome until January, it is noted.

### Toronto Chosen

SEATTLE, Oct. 16.—(AP)—Toronto was chosen unanimously for the 192 convention of the American Federation of Labor. Toronto campaigned during the convention here with banners reading "Canada Needs You."

## Japan Cabinet Resigns As U.S. Tension Grows

Continued from Page One

Nippon's amid increasing pressure for an end to efforts to conciliate the United States.

Konoye said it was known he would not take responsibility for a break with the United States.

The resignation followed several days of intensive consultations among the empire's highest officers, some of which he himself presided. Until tonight there had been no official intimation of a cabinet crisis.

Domestically, the resignation was expected to be a relief. Konoye or someone else, probably would get under way tomorrow. News of the cabinet's fall reached the public when newscasts began carrying "Gogal Gogal" (Gogal, Gogal) Japan's capital is going to be bombed.

REACH CROSSROADS

The resignation came shortly after a foreign office announcement that the staff of the Japanese embassy in Moscow and other Japanese had left the German-occupied Russian capital for an undisclosed destination.

It was said similar withdrawals had been urged by the Russians upon all other embassies and legations there so Japan's action was not the result of isolated circumstances.

The background of the resignation also included a Japanese naval officer's declaration Japan-United States relations were as a crossroads where they might turn to war.

The officer, Capt. Hideo Hirota, director of naval intelligence, speaking last night at Kyoto, envisaged the possibility of a sea campaign against Japanese trade and of bomber raids upon the Japanese homeland.

INSTE ANNOUNCEMENT

The cabinet board of information issued the following announcement of the resignation:

"Since the formation the present cabinet has concentrated its every possible effort in order to achieve the mission for which it was formed."

However, the cabinet found it difficult to reach an agreement of views in connection with the way in which to pursue national policy. Under such circumstances, it came to the conclusion to resign en bloc. Therefore, Prince Konoye went to the palace at 5

## 10,000th Trainee Graduates At St. Thomas

The 10,000th trainee to graduate from the St. Thomas technical training center, Ernest Dean Smith, 24, received a medal and parchment from Air Commodore G. E. Brookes, air officer commanding No. 1 Training Command. Smith left a farm near Winnipeg to enter the R.C.A.F.

The 10,000th trainee to graduate from the St. Thomas technical training center, Ernest Dean Smith, 24, received a medal and parchment from Air Commodore G. E. Brookes, air officer commanding No. 1 Training Command. Smith left a farm near Winnipeg to enter the R.C.A.F.

perhaps other foreign missions were withdrawing from Moscow.

This indicated the Japanese generally were pleased by this turn in the attempt of their ally, Germany, to smash the Soviet Union.

Hirade claimed rights of increasing gravity faced Japan through steady tightening of A.B.C.D. (American-British-Chinese-Dutch) encirclement of her island.

The Japanese speaker took a similar view, contending differences between United States and Japan were profound and a crisis which, if not averted, would lead inevitably to a clash.

INFLUENCE RELATIONS

Hirade reported Japan was affected by American movement of supplies for Britain to Iceland, apparently meaning that this was the most likely development in the war which would raise the issue as to whether the Japanese alliance was to be invoked.

United States-German relations may come to a head through the employment of convoys, he said.

"In that case," he went on, "it is quite doubtful whether Germany will ever let American warships go unchallenged."

Such a situation will inevitably lead to a new Japanese-German relationship between Japan and Germany.

SEN. PEPPER ASKS

JAP DEMOBILIZATION

By WILLIAM B. ARDERY

WASHINGTON, Oct. 16.—(AP)—Senator Charles Pepper counselled the United States today to prepare for "certain" conflict with Hitler by "demobilization of Japan."

The senator's resignation followed several days of almost continuous consultation among the empire's highest leaders, much of it in the palace in the presence of Emperor Hirohito.

REPORT PLACES JAPS

War of Russian reverses west of Moscow are understood to have figured largely in the discussions. The press gave prominent display to reports the Japanese embassy and

"It is just as certain that we are going to have to fight Hitler as it is that the United States and Great Britain are going to continue to exist," the Tokyo Daily said.

"We and Hitler are going to be the victors in the struggle when the struggle will be decided."

A member of the foreign relations committee and a vehement advocate of more active aid to Axis forces, Pepper declared Japan is now the outcome of the Russo-German war before taking new military steps.

"NOT YET TOO LATE"

"If Hitler should destroy Russia," he said, "it follows as night after day with further aggression."

"It is not yet too late to draw a line and tell Japan it is crowded we will abate."

Pepper was the second member of the Senate this week to talk of hostilities with Japan. On Tuesday Senator George Norris (Ind.-Nebr.) said a German triumph in Russia might touch off war between the United States and Japan.

Norris added he was not so sure that it "would be a bad thing for the United States."

"I MEAN LITERALLY"

Pepper took the position that "if Japan is going to be a danger to us, we should take steps to immobilize Japan before our situation becomes more acute in the Atlantic."

The three of Japan and the United States going to war was unacceptable, however, to Senator Burton Wheeler (Mont.-Montana), noted isolationist.

"There is no reason in the world why the United States and Japan should go to war," Wheeler contended. Japan is one of our best customers and we are one of her best customers. I think we can handle all our differences by peaceful means unless the hot-heads in Japan go crazy."

JAPS MOBILIZING

WHITER RUSSIA

## Farm Problems Considered By Sacred Caucus

Continued from Page One

shipping points which received the main portion of the foodstuffs of the house. This was forwarded to Ottawa.

The members of the caucus how believe that it is most essential that even a more drastic resolution should be forwarded to Ottawa on the dilemma of the what situation, committee members nominated to draw up a resolution to this effect.

It was learned that discussion took place on the Dominion-provincial agreement whereby the province would be the duration of the war, the income and corporate tax fields.

After carrying on discussion for part of the afternoon, a committee was appointed to bring in a summarized report showing the "advantages and disadvantages" of same, in order that the people may know the ultimate complexity that will be involved in the expected to be continued Thursday.

### MONEY REFORM

It was learned that "strong resistance" was expected against the "fraudulent practices of some unscrupulous of the rural cattlemen who lose rubber in payment of cattle purchases."

The caucus passed a resolution favoring bond on all cattle-buyers.

Whole-hearted endorsement was given by the caucus of the action taken by the Social Credit-National Democratic members of parliament in calling the national convention of monetary reformers at Winnipeg on Oct. 27, 28 and 29.

It was pointed out that the general trend of all provinces "made it imperative that action be taken along this line."

It was further learned that caucus members "wholeheartedly approved of the objective stated, namely, to establish a national agency for united action in gaining a democratic reform of the monetary system."

Caucus spokesmen declared that the general trend of the present financial system toward the centralization of power, the reduction of provincial autonomy and the stifling of the free expression of the will of the people, made the calling of the Winnipeg convention an urgent and vital necessity.

### DISCUSSION TOOK

A committee was appointed to bring in a resolution defining the attitude of the caucus toward this convention.

The Thursday session, in addition to carrying discussion on the agreements and wheel question, will include discussion on the star best industry in the funding proposals of the bondholders whereby is proposed to refund the provincial debt of \$147,000,000; the report of the Social Credit board; a discussion of old age pensions and on problems associated with the welfare of rural miners.

### Peru Protests

LIMA, Peru, Oct. 16.—(AP)—Informed sources said Wednesday they understood Peru had made a diplomatic protest to the United States against diversion to Russia of bomber fighters and equipment intended for Peru.

NEW YORK, Oct. 16.—(AP)—Japan is still negotiating with the United States in an attempt to maintain peace in the Pacific. Mr. Kiyomasa Okuma was quoted in a Domei broadcast as saying today, but the Japanese people should be fully prepared for the worst in case the talks fail.

Those injured were PO. P. W. Porter, Hamilton, Ont.; P. O. L. F. Hagman, New Westminster, B.C.; Sgt. D. F. Quill, Peterborough, Ont.; and LAC C. G. Merrill, St. Thomas, Ont.

It was the third crash with death of LAC Merrill, a wireless operator, and the second for Sgt. Quill. Once before, on an accident, LAC Merrill was slightly injured when a machine was involved in a similar type of accident on the same field.

LAC Merrill sustained unhurt last May 28 when a plane crashed into a bomb exploded at the Eastern Plunge base after a crash landing. He and the other two men in the bomb went down before the crash.

Dies In Combat

BERLIN, Oct. 16.—(AP)—Peter Goertel, 18, nephew of Reich Marshal Goering, was killed Monday when his personal squadron fought with British armor, it was announced today.

## Accuses Mate

John Manners, blonde British film actress, charged she was beaten by John Langan, her divorced film writer husband, in a new row over custody of their eight-year-old daughter.

Joan, the latest Langan-Manners outburst occurred just six weeks after a judge ordered a settlement of the custody question which has been in and out of the courts for two years previously.

Mr. Frank Langton, New Zealand minister of external affairs and lands, is en route to New York with a full delegation, while Australia, South Africa, India and Ireland will also be represented.

Latin American countries are for the most part sending full delegations to the international labor conference in New York Oct. 27 and Nov. 1.

European governments-in-exile in London are delegating some of their best-known statesmen, while China is sending a full delegation, and the United Kingdom and Ireland will also be represented.

They have completed their four months in uniform.

Chief Justice Harvey said most of the men were granted leave of absence and only in a few cases, where the men apparently had no specific reason for leaving, were their applications refused. Need for leave was the major reason for leave.

England's average daily consumption of water is 40 gallons per person.

## Trainees Granted Leave For Harvest

RED DEER, Oct. 16.—Chief J. S. Lee, chairman of the Alberta War Services Board, at the Royal Canadian Army Service Corps training center here, Wednesday heard 10 applications for postponement of further military service. The applications were made by men under compulsory military training.

## Conference To Plan Post-War Labor Program

MONTREAL, Oct. 16.—(CP)—The international labor office announced today the composition of some of the national delegations which will discuss a post-war program at an extraordinary session of the international labor conference in New York Oct. 27 and Nov. 1.

They have focused on social regeneration in the post-war period, delegations of government, employer and worker groups from more than 30 nations will take part in the sessions.

Although the composition of the Canadian delegation has not been made public, it is expected to include important members of the Dominion government as well as responsible employers and worker representatives.

The United States delegation will be headed by Frances Perkins, secretary of labor.

Mr. Frank Langton, New Zealand minister of external affairs and lands, is en route to New York with a full delegation, while Australia, South Africa, India and Ireland will also be represented.

European governments-in-exile in London are delegating some of their best-known statesmen, while China is sending a full delegation, and the United Kingdom and Ireland will also be represented.

They have completed their four months in uniform.

# HARBOR FACILITIES ARE OVERTAXED

# Ammerican Ships Unloading War Goods In Red Sea Ports

## Lease-Lend Goods Are Arriving Daily To Aid Forces In Middle East

By RICHARD MOWBRER

CAIRO, (As passed by the British Censorship), Oct. 16. (CND)—More American ships are arriving in the Red Sea than Anglo-Egyptian ports there can readily accommodate. This fact is indicative of the extent of the growth of American aid to the British in this area.

## Windsor Lauds Gallant Spirit British Seamen

By EDWARD O. ETHELL

BALTIMORE, Oct. 16.—(AP)—To four British seamen who collectively have had seven ships shot from under them the Duke of Windsor declared Wednesday that "they can sink our ships, but they can't break our spirit."

"Men like you will go on fighting, no matter what the odds," the Duke said during the last of three visits on a tour of war relief agencies.

During the brief call with his Duchess at the British Seamen's Institute, the Duke thanked the veterans who had been his crew on the Great War battleships with boyish words, with marines of merchant ships, and with seamen of the fleet, in Baltimore for their deeds.

## WINDSOR MEN

Duke of Windsor here aboard a British passenger ship which twice struck mines in an English harbor, said today.

"The £500,000 liner was taking on cargo at Manchester early this morning. At night we were hit and dropped mines by parachute and when the ship left the port next day the journey was over."

"We got her tied up. There she stayed for five weeks while we patched her up to bring her over here. Then we pulled down the river, she hit another mine and the blasted thing went back for six more weeks. She finally limped across, even with a big hole in her side."

"Little Red Nose was one of 10 destroyers of the British fleet. The 5,071-ton Box Hill, torpedoed the 1st day of 1940 in the North Sea."

"I guess I'm a lucky fellow," Mr. Windsor said. "I'm on the standard guard. I'm on the standard guard. I'm on the standard guard."

## Britain's Health Program Outlined

ATLANTIC CITY, Oct. 16.—(AP)—Sir Wilson James, chief medical officer of the ministry of health of Great Britain, Wednesday night told 4,000 members of the American Public Health Association, meeting here, that Britain is beginning to consolidate her wartime health program. The program of health work as the nation has never dreamed of.

Sir Wilson, who was in New York Tuesday, declared that "We have endured two years of the war without any obvious deterioration of health and, it is hardly necessary to add with an increase in the determination to see this health work through to the end."

Expected influenza disease has failed to appear and in most cases have actually declined, he said.

At a press conference prior to Sir Wilson's evening address, Dr. J. J. McCann, member of the Canadian parliament for Montreal, said that Dr. C. G. Campbell of the Hall Institute, Melbourne, Australia, joined Sir Wilson in praising the almost entire lack of influenza in the United States.

## London Announces Casualties Due To War Hazards

LONDON, Oct. 16.—(AP)—The Admiralty has announced that 422 casualties as a result of the general hazards of war, not connected with any particular ship or incident.

The list named 44 killed, 111 who died of wounds and injuries, 190 missing and presumed killed, 27 missing, 121 prisoners, 90 wounded and nine who died.

The list included three ratings of the Royal Canadian Navy whose names previously were announced in Canada.

## Crop Failure

BOSTON, Oct. 16.—(AP)—Famine is causing more suffering than the war in Southern Rhodesia, Africa, Arthur J. Ormer of the American board of Foreign Missions, reported Wednesday. Perhaps the most serious crop failure ever experienced has been caused, he said, by a report by lack of rainfall—only 30 per cent of normal.

## Vancouver Death

VANCOUVER, Oct. 16.—Funeral services will be held here Friday for Herbert George Caplan, 36, theatre manager here, who was murdered Tuesday for the Allen Theatre Company in Calgary in 1939. Mr. Caplan died in 1939.

## Inauguration In Bermuda

Viscount Knollys, first civilian governor of Bermuda, is shown leaving Albany city, Hamilton, in his state carriage to go to the council room of the Bermuda government for his inauguration.

## Mediterranean Fleet Beats Off Torpedo-Plane Attacks After Hunt For Italian Navy

By LARRY ALLEN

ABOARD FLAGSHIP WITH THE BRITISH MEDITERRANEAN FLEET, Oct. 16.—(AP)—The Mediterranean fleet, steaming top speed and tossing up huge masses of spray over the bows, has beaten off two fierce-pressed attacks of torpedo bombers after an unsuccessful attempt to bring elusive Italian warships to battle.

## Bugler Wanted For Home Army

CALGARY, Oct. 16.—(CP)—There is an opening for a young bugler in a home establishment of the Canadian army "somewhere in Alberta," officials of the recruiting drive stated.

The applicant must be 18 years of age or over and familiar with the bugle.

The recruiting office requested that an applicant be a bugler without success, as now they are advertising in the newspapers for one.

Applications should be made at the recruiting office in the Travelers Building.

## Wheat In Store Shows Increase

OTTAWA, Oct. 16.—(CP)—Canadian wheat in store for week ending Oct. 10, the Dominion bureau of statistics announced, totaled 478,962,318 bushels compared with 478,962,318 bushels for the same week last year.

Wheat receipts by provinces for week ending Oct. 10 were as follows, bracketed figures being those for the same week of 1940:

Manitoba, 1,024,904 (1,024,904); Saskatchewan, 4,936,442 (4,936,442); Alberta, 1,277,881 (1,277,881); Saskatchewan, 35,625,442 (35,625,442); Alberta, 12,725,562 (12,725,562).

## Hold Everything

"He's not a bad soldier, but he can't forget he was a drum major in high school."

## 10,000-Tonner Cargo Vessel Now Launched

NORTH VANCOUVER, B.C., Oct. 16.—(CP)—British Columbia's first steel cargo vessel of the war, a 10,000-tonner, was launched Wednesday amid the stream of whistles spelling "V-for-Victory" and the best for another was laid on the same ways almost before tugs could take the new ship to a fitting-out dock.

Thousands of guests swarmed through the humming plant of the Burrard Drydock Co. Ltd., where as in other Canadian yards, the huge merchant shipbuilding program of Maritime Merchant Shipping Limited is in full swing.

Guests, headed by H. R. MacMillan, president of Maritime Merchant Shipping Limited, stood in the shadow of huge ways where most of the big ships are in various stages of construction. They watched as Mrs. W. C. Woodward, wife of Lieut. Gov. Woodward, unveiled a bottle of British Columbia champagne across the broad bow and christened the vessel Fort St. James in honor of a historic Hudson's Bay company post established in this province in 1806.

Mr. MacMillan told the shipbuilders: "Your performance is creditable but has to be improved. Canada, Great Britain, the democracy, cannot wait long for these ships." He declared the name of the next vessel to be launched by the yards would be the Fort Churchill. "An ancient name in Canada, still strong and active, commemorating an ancient family in British and world history, a name still at the top of the heap."

A nine-year-old evasive girl, Anne England, whose father is a journalist at Wellington near Cranford, England, was co-presenter of the bottle. She pushed the button that sent the big ball on its way toward the sea.

## Germans To Wear Skimpy Garments

BERLIN, Oct. 16.—(AP)—The drive to conserve textiles has led to skimpy wartime clothes in clothing that will be directed towards the austere and pointing out the unique attractiveness of the new dress as a winter playground. Films will show fish, fishing and other "summer" scenes enjoyed during the winter season.

Already many prairie and eastern Canadians are well aware of the Pacific Coast's available climate which provides a pleasant change from the rigors of the usual type of Canadian winter, but the British Columbia government hopes to send its citizens home to thousands of Canadians.

## PURSED BY BRITISH

The other squadrons of bombers, unable to face the terrific fire, fled to the eastward, pursued by British planes.

The Italians attacked while the fleet was heading eastward to Alexandria after sweeping a wide area for three days in the Mediterranean. Hunting a squadron of Italian fighters and destroyers reported at sea.

Although the fleet was within sight of the Alexandria coast, the British fleet was forced to turn back. The Italians, however, moved over the destroyer screen for the attack.

Peering through slits in the director tower, I saw great flashes of light as the British fighters moved in range. In the face of a wall of flame that streaked the eastward, however, they moved on westward.

The fleet's close shave came later when three torpedo bombers suddenly dived on the destroyer screen at sea. The attack was in the afternoon of Oct. 12.

They swooped to within about 100 feet of the destroyers off starboard.

The torpedo made a quick turn as the first torpedo exploded harmlessly in the sea. The second struck the destroyer's water in front, and the third sailed past stern.

Then the planes zoomed upward from the building and disappeared. The gunfire thought they got one of them.

## Green Re-Elected A.E.L. President At Seattle Meet

SEATTLE, Oct. 16.—(AP)—The American Federation of Labor Wednesday re-elected William Green president of the union. He has held since 1924.

By a vote of 37,041 to 3,213, George E. Browne was defeated for reelection as a vice-president. Browne is in New York City charged with union negotiations in connection with picture interests.

## Mlle. M. de Gusseme To Visit City In Interests Of B. C. Tourist Bureau

British Columbia's varied attractions as a tourist playground in winter as well as in the summer season are being described to people of the prairie provinces and eastern Canada by B.C.'s best known "travel ambassador," Mlle. Marguerite de Gusseme.

Mlle. de Gusseme, who manages the Harrison Hot Springs Hotel, near Vancouver, is being sent by the British Columbia Government Travel Bureau on a tour which includes Banff, Calgary, Red Deer, Lacombe, Lethbridge, Medicine Hat, Edmonton, North Battleford, Saskatoon, Prince Albert, Regina, Brandon, Winnipeg, Fort William, Port Arthur, Hamilton, Toronto, Montreal, Quebec, Ottawa and other eastern cities.

Mlle. de Gusseme is accompanied by W. A. Macdonald, of the B.C. Government travel bureau, a former Alberta, but himself a well known speaker of British Columbia, who will show films in sound and color as visual support of Mlle. de Gusseme's commentary.

Mlle. de Gusseme will arrive in Edmonton Saturday evening. She will remain in the city until Thursday. Monday she will address the Edmonton Kiwanis club at luncheon in the Macdonald hotel.

Mlle. de Gusseme and Mr. Macdonald left Vancouver October 10 by Canadian Pacific lines after a farewell ceremony in which took part E. G. Rowell, deputy minister of Trade and Industry under which the Travel Bureau functions; Vancouver Mayor W. J. Cornett, as well as representatives of tourist and travel organizations on the west coast.

## Ambassador

Mlle. M. de Gusseme who has hitherto been regarded the south as the only means of escaping cold weather. "The old saying, 'go south in winter' should be changed to 'Go West this winter,'" said Mrs. W. J. Ainslie, B.C. minister of mines and trade and industry, whose trade department organized the present tour.

"Those who come to see this winter will enjoy a fine rest and the chance of beautiful outdoor recreation," Mrs. Ainslie continued. "The more they see the more they will want to see, and as a royal welcome awaits them."

**GUEST SPEAKER**

Carrying the story of British Columbia to people in distant areas is nothing new for Mlle. de Gusseme, a gifted and ever-ready speaker who has travelled to all parts of her adopted province. She came to Canada during the first World War as a refugee from Flanders, quickly learned to love British Columbia and has never ceased to tell every one within earshot about her province as well as in English.

## Gains, Declines In Populations Alberta Towns

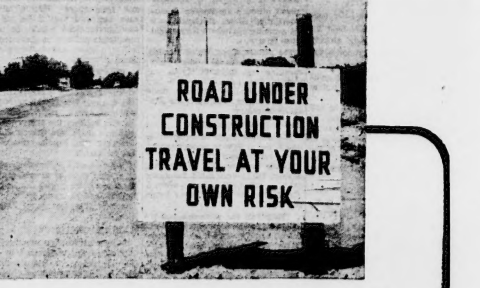

OTTAWA, Oct. 16.—(CP)—Gains in population for certain centers with declines in smaller western communities were reported in a preliminary list of Canadian population based by the Dominion Bureau of Statistics Wednesday.

The returns covered cities, towns and incorporated villages, where the census check was completed. The list, with populations at the time of the last census, in 1931, in brackets, includes:

- ALBERTA**
- Cities: Red Deer, 2,846 (2,844); Towns: Didsbury, 861 (801); Lethbridge, 449 (428); Lloydminster (p.), 568 (529); Okotoks, 574 (760); Taber, 1,322 (1,278); Telford, 542 (487); Vegreville, 1,668 (1,680); Vermilion, 1,378 (1,270); Wainwright, 961 (1,147); Villages: Andrews, 332 (313); Bella, 128 (117); Brudenheim, 217 (208); Cidsburg, 97 (118); Chinook, 284 (269); Chipman, 225 (234); Cochrane, 291 (263); Cast. (140); Drumheller, 111 (107); Edmonton, 248 (180); Hays, 160 (160); Inverness, 244 (227); Irma, 270 (180); Jolys, 125 (141); Kinross, 229 (280); Lacombe, 445 (387); Laro, 177 (151); Marvill, 388 (307); Milk River, 313 (330); Minburn, 128 (119); Mundare, 120 (121); Mymun, 215 (131); Nelford, 160 (143); Provost, 313 (330); Rimbault, 124 (122); Riverview, 426 (386); Sylvan Lake, 842 (816); Two Hills, 270 (149); Vinova, 196 (151); Warner, 226 (242); Waskareau, 259 (171); Willingdon, 416 (250).

## BRITISH COLUMBIA

- Cities: North Vancouver, 1,844 (1,832); Port Coquitlam, 1,524 (1,321); Port Moody, 1,508 (1,260); Victoria, 1,508 (1,260); Vancouver, 1,508 (1,260); Whitehorse, 1,508 (1,260).

## ROAD UNDER CONSTRUCTION TRAVEL AT YOUR OWN RISK

Utilizing but a small part of his spare time, a newspaper boy gains a practical business experience of inestimable value . . . it is a schooling that can't be learned in books, yet it sharpens wit, develops eagerness and alertness which accounts for the high percentage of newspaper boys who are above average in school. Of importance too, they are making good money . . . they EARN while they LEARN.

When boys pass "teen" age or graduate from school, they start out on that long road of destiny. Newspaper Boys are well equipped to Travel At Their Own Risk . . . thanks to one of Canada's foremost industries . . . The Newspaper.

# TEEN-AGE BOYS GET ARTIFICIAL LEGS

## British Seamen Relate Ordeal After Ship Torpedoed

### Youths Freeze Drifting Nine Days In Lifeboat On Icy North Atlantic

OTTAWA, Oct. 16.—(BUP)—Two teen-age British seamen, survivors of the torpedoed British refrigerator ship S.S. Marconi, are lying today in a Canadian hospital, waiting to be fitted with artificial legs which will carry them for the rest of their lives. Each youngster had both legs amputated as a result of a ten-days' ordeal in a lifeboat after a German submarine sank their ship in mid-Atlantic last May. With them is a 43-year-old West African negro, also legless.

The story of those ten days' drift in the open boat on the high seas was one of the most terrifying to be produced by this war on merchant shipping.

The two boys, Fred Farrell, 16, of London, and Frank Cooper, 17, of London, have described their experiences in that tiny boat, packed with 21 other men and boys, during the past week.

### EXCLUSIVE

On the sixth day, the boys were told that the ship was sinking and that they must prepare for the worst.

### Arctic Dwellers

#### Generous Buyers Of Victory Bonds

OTTAWA, Oct. 16.—(CP)—Canadian eastern Arctic white population, about 60 men and women scattered along a lonely shoreline, bought Victory Loan bonds valued at \$11,000 last week.

Representatives said Wednesday night following their return from the north.

The bonds were in charge of Maj. L. McKinnon, eastern Arctic representative in the North-West Territories and northern Yukon.

Cooper and Farrell, below in their burkas, were thrown into the sea by the explosion of a mine which sank their ship and ran outside their lives and ran outside their lives.

Searching the hundreds of hidden coves along the rugged, ice and rock-bound coast of Greenland, a U. S. naval vessel found a secret, Gestapo-operated radio station in a fjord like that pictured above. U. S. forces landed on the mountainous terrain and "disposed" of the station. Ship above is the U. S. Coast Guard cutter Northland, pictured while on patrol duty near Christianshavn.

### Ottawa Will Fix Ceiling Prices For Commodities: Additional Aid For Farm

By R. K. CARNEGIE

OTTAWA, Oct. 16.—(CP)—A government program to provide for fixed ceilings for most commodity prices, additional acreage bonuses to prairie grain growers and full freight payments on western feed grain moving east will be announced this week, an authoritative source Wednesday night told The Canadian Press.

The wartime prices and trade board will have the responsibility of fixing the ceiling on prices, this informant said.

Generally the ceiling prices will be fixed at the level of the price of the commodity in the United States. If the price of the commodity in the United States is higher than the price in Canada, the price in Canada will be fixed at the level of the price in the United States.

The informant said that the price of the commodity in the United States is higher than the price in Canada, and that the price in Canada will be fixed at the level of the price in the United States.

The informant said that the price of the commodity in the United States is higher than the price in Canada, and that the price in Canada will be fixed at the level of the price in the United States.

This is not the Nazi radio station discovered in Greenland by U. S. naval forces. But it was one like this, nestled in the rugged mountains of the American-protected island, that the navy silenced. The "Norwegian-controlled" station, above, at Torgshavn, was reported to be run by Norwegian fifth-columnists with the same purpose—to send vital weather reports and other data to the Germans—and was in operation before the establishment of the patrol which nabbed the secret Nazi station.

### Leaders Of Guild Conceding Defeat

NEW YORK, Oct. 16.—(AP)—Incumbent leaders of the American Newspaper Guild (A.N.G.) Wednesday conceded defeat of their union ticket in the guild's national referendum and pledged support to the new administration.

Ballot by the 12,287 guild members eligible to vote will not be completely tabulated or announced until late Thursday. The administration leaders acknowledged defeat on the basis of nearly complete, unofficial returns.

Guild President Donald M. Sullivan of Boston, Vice-President Milton Kaufman of New York, and Secretary-Treasurer Victor Fuchs of Newark, N.J., issued a statement saying the anti-administration ticket had won.

The new administration will be headed by Milton M. Murray of Detroit as president, Sam Roberts, Oakland, Calif., executive vice-president, and William Borden, Washington, D.C., secretary-treasurer.

Oil Barges

WASHINGTON, Oct. 16.—(AP)—The United States maritime commission decided Wednesday to build 12 new oil tankers, a decision which will be the largest of the war.

The commission said the new tankers will be built in the United States and will be used for the carriage of oil.

## Looking them Over

**BY** diplomatic inference, Frank Calder, president of the National Hockey League, pointed yesterday to the ruling of the Alberta War Service Board, on the matter of passports for hockey players, as a fair and practical way of solving the problem that is causing a lot of concern in Manitoba and Saskatchewan at present.

Under the Alberta ruling, a passport is granted if the player is not wanted immediately for active military service and both he and his club agree that he will return to Canada on 24 hours notice if such a need arises and he is called.

Day by day evidence is piling up that there is a growing misunderstanding of the hockey player's position on the matter of war service. The result is that these young men are being made to appear as slackers seeking to evade service. In many ways they are an invaluable group in respect to this situation that they are faced with, and the time has come when justice demands their side of the question be presented.

Hockey players are not seeking to avoid their responsibility in time of war by asking for a passport to play in the U.S. during the time any more than is a young man of the same age category who stays at home here and works at a job instead of going on active service. The players are merely working at their profession—one in which they must pay their money full while they are still young. Surely no stigma should be attached to them for merely asking for a passport to see if they can accept U.S. jobs offered them.

In fact this is a time when all of us would do well to be mighty careful about charges being laid against them. If we get right down to brass tacks, it would be found that most of us could do a more toward the war effort than we are at present.

So far our standards of measurement on this delicate question are rather indefinite. My conception of a total war effort doesn't end with the conception of young men for active service. It starts at the top and takes in every adult man and woman in Canada. If money is needed, then let us consent that without more delay the money should be applied to factories, plants, buildings, lands, materials and labor. Right through any industry, you will find ordinary workers who correspond to army privates and bosses who break up roughly into sergeants, lieutenants and captains, majors and colonels. Why not consider their services and pay them the army scale for their respective ranks plus a civilian living bonus instead of the present wages, salaries and profits?

Here is an all-out, absolute standard of service that will produce nationwide team work on a fair and equal basis. If that is what is required, then let us have it at once and not halfway measures that are ineffectual, inequitable and in many ways are a hindrance to marshalling and concentrating every last resource in war, skill, brain and courage for a knockout punch.

## Martells Are Rose Bowl Champs

**THE** Governors of the Eaton Beathall Challenge Competition announce that the Martell brothers, Burns and Henry, are the 1941 champions of the Rose Bowl and the provincial Beathall title. This is the third time this brotherly aggregation has annexed the Beathall title, being winners in the years 1937 and 1938.

With five wins more than their nearest rivals, the Martells won the Beathall title comfortably. Burn and Pryke of Carl Grey club, Calgary, shared the runner-up position, with the Olynk brothers, Bert and Alex, with two wins each.

The Eaton Beathall Event has just completed its seventh season and a list of winners to date, makes interesting reading.

1935.....Stevie Vickers and Jack Cuthbert.  
1936.....Bobby Dutton and Billy Matthews.  
1937.....Burns and Burns Martell.  
1938.....Burns and Burns Martell.  
1939.....Bobby Dutton and Bert West.  
1940.....Johnny and Kemp Richardson.  
1941.....Burns and Burns Martell.

Funds collected at the Eaton matches in Edmonton were turned over to the fund for the St. Joseph's Hospital for Sick Children, London, England.

## College Stars Expected To Build Up New Pro Loop

**NEW YORK, Oct. 16—(AP)—**They are going to try to harmonize the American pro football league, with the idea that Michigan Tommy Harmon, along with John Kimbrough, can do for that short circuit of the National League.

## Westglan Bantams Defeat Scona 22-0

Westglan Bantams shut out Scona 22-0 on Sunday night in the opening game of the High School A.M. rugby season.

Clen Kier and Jack Brown both scored touchdowns in the first quarter and in the second Brown contributed another and Kier added a kick to the headline.

There was an scoring in the third quarter, but in the fourth, Graze went over for the last major point and he was also responsible for Westglan's last point in the game.

Due to the delay in school opening this fall, no regular schedule was attempted, but Westglan, Westglan and Scona all will be participating in exhibition games between three divisions—bantam, junior and senior.

Next game is on Friday when Westglan tackle Westglan. The game through the schedule last fall will only a single point being scored against them.

At one time Tenzyan, the famous English writer, turned down an offer of \$5,000 for composing Christmas carol verses.

## Alberta Attitude May Form Model

## Photo Becomes Rodeo Toreador

Unsung hero of the first evening of the 1941 world's championship rodeo at Madison Square Garden was photographer Sammy Goldstein of International News Photos. You see Sam here hanging on by his eyebrows to the fence while a maddened bull charges just beneath the nose of his pants. The animal trampled all over \$400 worth of Sammy's equipment. Sam is holding his second camera of the evening. The first one was smashed in an earlier encounter with bucking bronks.

## Canuck Rookie Crop Looks Good

## Bunny Dame Seems Cinch For Berth With Canadiens

**ST. HYACINTHE, Que., Oct. 16—(CP)—**It might just happen that this season Montreal Canadiens will come up with a rookie crop that will almost equal the stoutest group they sprung on their National Hockey League rivals last year.

Coach Dick Irvin isn't saying just yet how many of the young stars trying out with Canadiens are going to make the team, but he is going to let it be known that he is going to be hard on the regulars to shake off.

Apparently the Canadiens front office wasn't feeling when it announced that the roster would consist of a disastrous 1939-40 season that the team was going to be made up of a bunch of rookies last year when the Montreal Canadiens produced such young stars as Joe Bonin, Elmer Lach, Tony Demers, Ken Beaton and John Quilty.

**POPULAR WITH FANS**  
The practice is just going on. The boys who make it with Montreal fans as rookies last year are veterans of the club now, but a new bunch of rookies have made their mark and some of them look as though they will be staying for the season.

Bunny Dame of Trail, B.C., is one of them. A former member of the B.C. Jr. League, he was drafted by Montreal last year when he was 19 years old. He has been playing in the minor leagues since then.

**WINNIPEG, Oct. 16—(CP)—**President Frank Calder of the National Hockey League late Wednesday night said the league is under way to revise the ruling of the Manitoba National War Services Board that no hockey players in the province unmarried before July 15, 1940, will be granted passport authority to enter the United States.

Calder arrived here by plane Tuesday and was joined shortly afterward by Red Dutton, manager of the New York Americans who are training in Port Arthur, Son Patrick, manager of the New York Rangers.

Calder's visit here followed their refusal on Sept. 12 of Mr. Justice E. Adamson, chairman of the Manitoba board, to approve applications for passport presented to him by hockey players seeking to perform with professional teams in the United States. L.L. Col. D. McPherson, Manitoba board registrar, said no hockey players in the province will be given passport authority because they are "too much material for the armed forces."

**FRIENDLY ATMOSPHERE**  
Both Rangers and Americans have on their rosters and negotiating with players who would be affected by the ruling of the Manitoba board and Tuesday night Mr. E. Adamson, board chairman, said he had a "friendly conversation" with Calder.

Calder said he doubted whether matters concerning the passport problem could be discussed during his stay in Winnipeg, but everything possible is being done. He expected to leave for Montreal by plane tomorrow afternoon.

The N.H.L. president said that he could not see why a stand such as that taken by the Alberta war services board should not prove amicable and workable to all concerned. He explained that the Alberta board has taken the view that if hockey players and their clubs agree to the return of a player to military service, he is required in Canada for military service, the board will allow him to enter the United States.

A ruling issued in Edmonton Oct. 7 by Robert Bell, assistant registrar in Alberta, said the Alberta board will grant passport authority to hockey players eligible for compulsory military training if they are members of the Canadian (Reserve) army and have fulfilled all requirements of the non-permanent military training program.

Calder agreed that Manitoba and Saskatchewan boards are only two of the 13 war services divisions in Canada which have refused passport authority to hockey players. Other boards may be contemplating similar action, but he said he had no right to make application for passport authority. I don't know what authority the board will take.

**BUY SOMETHING BRITISH**  
Also in the Red Wing camp are Joe Brown and Jerry Brown of Edmonton. Jerry performed with Cornwall Flyers last season and Joe was with Edmonton Flyers of the Alberta association.

Adams received word yesterday that Gus Greenstreet will report for practice today. He is a defenseman and is missing, being unable to receive approval of the war services board to join the Wings.

Also, who played last season with Hamilton, all are showing promise. Fighting for positions on the forward line in addition to Danneberg are Howard Bessie, who was drafted for Ontario St. Pauls with the fans who follow the Wings, and Herman Grub, a winger with Regina's Allan Cup team last season.

**Eight Years With Same Club**  
Former Canmore Amateur Still Favorite St. Louis Fans

**PORT ARTHUR, Oct. 16—(CP)—**Leo Carbol, 31, has gone about as far as he can in professional hockey but he's not going to stop there. He's going to meet the St. Louis Flyers of the American Association.

Leo has whetted up and down the ice for the Flyers for eight years and clutter at the St. Louis training camp. He's a great reminder that the defenseman is the favorite of the fans.

As far as the fans are concerned, they don't care who's better, but they do care who's better. They don't care who's better, but they do care who's better.

A native of Ontario, Carbol traveled west and played much of his hockey in Alberta. He last season's club played in the professional in 1931 with Monopolis of the American Association.

Carbol was given credit for much of the goals scored.

Carbol's admirer, "That's the surprising part of Leo. He's a man or hockey player," said one of Carbol's teammates.

Carbol was given credit for much of the goals scored.

## It Never Fails

## Navy Week Will Pay Tribute To Allied Sailors

TORONTO, Oct. 16.—(CP)—Navy Week will be observed throughout Canada from Oct. 19 to Oct. 25 inclusive under the auspices of the Royal Canadian Navy and other naval forces. The program includes a special tribute to the men in the Allied navies and merchant services has been endorsed by government authorities. Broad-based efforts of all provinces of Canada, heads of churches of all denominations, the press and radio stations.

On Sunday, Oct. 19, ministers and congregations in churches from Halifax to Victoria will pay tribute to the Royal Canadian Navy and other naval forces. The program includes a special tribute to the men in the Allied navies and merchant services has been endorsed by government authorities. Broad-based efforts of all provinces of Canada, heads of churches of all denominations, the press and radio stations.

An appeal will be made to all Canadian school children to contribute to the work of the Navy League in Canada. The program includes a special tribute to the men in the Allied navies and merchant services has been endorsed by government authorities. Broad-based efforts of all provinces of Canada, heads of churches of all denominations, the press and radio stations.

## Alberta Orders Blue And White

**License Plates**  
Order for 100,000 automobile license plates for the 1942 license year has been placed by an eastern Canadian firm, according to Edmund Trowbridge.

In addition to the order for mobile licenses, it is expected that about 23,000 truck license plates will be required. These two figures

Mr. Trowbridge stated that in the five months of the current license year yet to go, a new high in Alberta licenses has been reached. Since April 1 and to date a total of 92,957 licenses has been issued against a total of 92,123 for the same time previous year.

Gliding  
aviation

Drivers' licenses issued by also have established a new with a total of 156,067 to do against a total of 131,114 for the fire previous year.

Asked regarding any change design or material for manufacture of the plates, Mr. Trowbridge no alteration was planned for year. Provinces and states

used two or three-year plates on clips employed to cover previous year's numbers had not proved satisfactory, as clips could be moved.

Mr. Trowbridge said that the use of plate used here had proved to be the most generally useful and change would be made unless necessary as a war economy

With this possibility in view, said some investigation into the materials was being made. It is especially are to receive his attention.

---

## Alberta May Get Road Conventi

Possibility that the 1982 collection of the Canadian Good Roads Association will be held in the province loomed Thursday as W. A. Fallow, minister of public works, announced that he has issued an invitation to this effect.

He said that while attending

It is 14 years since the association last met here. It is pointed out that several hundred delegates from all parts of Canada and the U.S.

The convention, said Mr. Fox, approved of the suggestion advanced by himself, that a national highway commission should be appointed by the Dominion government.

## Threshing Starts In Peace Country

Weather conditions in the Peace River territory in the last week have been more favorable with

some sunshine and considerable high winds, according to the report of the Northern Alberta Railways Company dealing with crop conditions as at Oct. 1. Threshing has started at several points, and providing good weather continues, it should be general by the end of the week.

## Suspends Ceremonies

VATICAN CITY, Oct. 16.—(AP)—An unofficial source said Wednesday that Pope Pius had suspended all beatification and canonization ceremonies until better times, partly because of the wartime shortage of candles and oil used in illuminating St. Peter's Basilica.

## Military Orders

**VETERANS' VOLUNTEER RESERVE**  
All companies of the North Edmon-  
ton battalion will fall-in on their own  
parade grounds prepared to move out  
by car at 7:15 p.m. Friday, Oct. 13,  
for rendezvous at Beverly town hall  
corner of 118 Ave. and 36 street, at  
8 p.m.

**Dress:** Forage caps, arm bands and  
warm clothing.

**THE R.C.M.P. TROOP**

**PETROL PARK 2ND CORPS TROOPS**  
**R.C.A.S.C. (C.R.).**  
Parades: The Park will parade at the Prince of Wales armories as follows: Thursday, Oct. 18, all sections at 20.00 hours.  
Dress: Battle dress with anklets—G. S. Crossley, Capt., Officer Commanding.

RCASC, CA (N).

# Canadian Destroyer Comes Through Smokescreen . . . London Fire Laddies Make Children's Toys

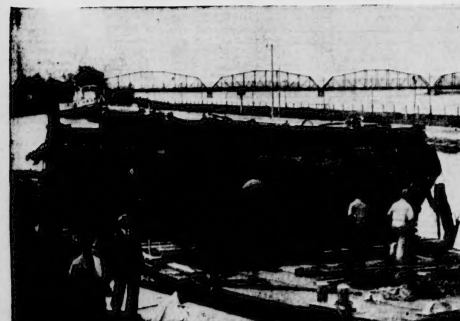

Sending her wake swirling on the restless sea, a destroyer of the Royal Canadian Navy passed under a smoke screen, followed by a sister vessel. The screen is being laid by a third destroyer on the left, not shown. The photograph was made during recent manoeuvres off the Atlantic coast. Photo—Public Information.

## Admiral Adds His Penny To The Mile

Admiral Sir Edward Evans, a London Regional Commissioner, contributes to the mile of pennies being gathered at Lambeth, London. The contributions are for the Red Cross Penny-a-Week-Fund.

## St. Mary's Canal Reopened

Freighters, carrying vital supplies of defence ore through St. Mary's canal, are once more moving as salvage workers removed this locomotive which plunged from the collapsed International bridge at Sault Ste. Marie. Heavy lake shipping was brought to a standstill by the accident in which the engineer and conductor died.

Singing star Ginny Simms presents to advantage this stunning sequin and crepe ensemble featuring a slim lined skirt of glittering opalescent sequins and a pale blue crepe coat.

## Leaves Vichy

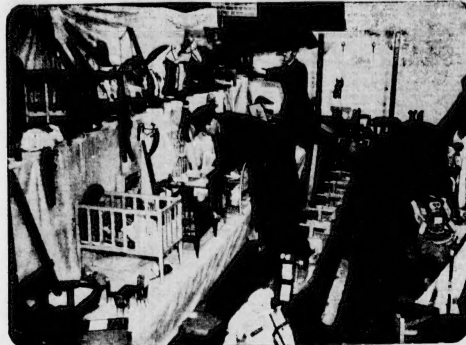

United States envoy to Vichy, France, Admiral Leahy, right, is pictured as he left Vichy for Spain.

## Reaches Ottawa

Arriving in Canada to make a coast-to-coast tour of the Dominion, F. C. Watkins, Labor M.P. in the British House of Commons, is here shown as he arrived by plane from New York at the Uplands airport in Ottawa. Mr. Watkins, who is considered an authority on labor problems, will visit many Canadian cities in the course of his speaking tour.

The toys in this picture have all been made by members of the London Fire Brigade. Since the blitzkrieg on London came to a temporary stop, members of the London Fire Brigade have found time lying heavy on their hands. To while away the hours of waiting, members of the eastern district of the London Fire Service decided to make toys and dolls out of bomb debris to stock the nursery centres of the American Red Cross. Their completed work has just been placed on exhibition in a South London school.

## Will Hays Say Nay? Lupe Strips Anyway

In "Honolulu Lou," honky-tonky Lupe Velez loses her longies, revealing lingerie of cellophane styled as a hula skirt. Loopy Lupe has leaped clear of Hays' horridification so far, but the lovely Latin may not get the Purity Seal this time.

## She's The First Canadian Cargo Vessel

While hundreds of workers and guests and general public looked on with pride, Mrs. C. D. Howe, christened Canada's first cargo ship the Fort Ville Marie, in the huge plant of Canadian Vickers Ltd., Montreal. Still clasp the scissors, Mrs. Howe can be seen above stepping back to avoid the splashing champagne as the gaily-wrapped bottle crashed into the hull sending the 10,000-ton freighter on its way. At the extreme right, bareheaded, stands Hon. C. D. Howe, Canada's minister of munitions and supply while, at his right are Mrs. Howe and J. E. Labelle, president of Vickers.

King George VI, ever on the go as England is engaged in a battle for existence, salutes troops during a review of his fighting men "somewhere in England."

## Home From Rome

Myron C. Taylor, President Roosevelt's personal envoy to the Vatican, has returned to the White House to make a report on European affairs. Before leaving the Vatican, Taylor is said to have had a lengthy interview with the Pope and he then visited numerous American and British officials in England. Mr. Taylor is shown as he entered the White House to make his report.

## Worker Model

This is not a gargyle, but Sam W. Kelly, of Jeannette, Pa., a worker in the Pennsylvania railroad's Pitsburg shops where he is employed as the operator of a paint spray gun used in painting cars under repair. Keeping rolling stock in shape is one mighty important defence job.

# Daughters Who Dare

By Rob Eden

JUNE RANDOLPH and DOLLY JARVIS, two Edmonstons, June, brother, obtain parole after he has served time for writing bad checks when he was mixed up in a gambling racket. Eddie has borrowed June's car, and after a long drive, June returns to find his car in a parking lot. He is helping her toward brotherhood as a flat tire. A driver stops to help her change the tire. Thinking she is getting the car back, June comes to the place in the car by the stranger. Eddie falls from the opened back, revealing them from the stranger, and thinking Eddie is responsible for the car, June drives away from the scene.

"Why should I be?" June countered, as where she intended to lunch.

"Miss Edwards of the Herald society department requested the information," she explained. "She said she wanted to ask about your wedding plans and thought she might reach you at luncheon."

June mentioned Pierre's although she hadn't previously planned to lunch there. In a few minutes, Eddie was driving rapidly toward Dolly's apartment.

"Dolly wasn't there when June called," June said.

"Why should I be worried about Eddie?" June countered. "I thought maybe you'd read about the Tracy robbery, and were afraid he might have been mixed up in that," Dolly answered.

arrived, and leaving a photograph across the hall she opened the door to the Dolly Jarvis-Denise Studio about Eddie. They were careful to keep June's sister from knowing June was seeing Eddie. June's father, Mr. RANDOLPH, the man who had helped her change the tire, was with her. He was talking about the Tracy robbery, and June came out to get the car. June came out to get the car. June came out to get the car.

CHAPTER VI—Continued  
HOBSON interrupted her in the pantry as she was going.

## Animal Crackers

"For he's a jolly good fellow, for he's a jolly good fellow," June sang.

"Who's that?" June asked.

"That's the song," June answered.
